**Catarrhal Deafness Cannot Be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.  
We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, etc.

## THANKSGIVING DAY

is here, and the Holiday spirit of joy and thankfulness is rightfully prevalent everywhere. It is, therefore, meet that we should express ourselves with unbound thanks on Thanksgiving Day this year for what this country has accomplished during the past year.

In looking back on the year that is past, we give thanks for the business we have received, for the staunch friends we have made, and for the success we have enjoyed.

On November 27th, we will observe the legal holiday, and remain closed all day.

Nebraska's quota in the Red Cross Christmas Seal campaign is six seals per person. They sell for one cent each. This is certainly a modest request compared with most of the demands that will be made. The seals will be placed on sale December 1st.

Fred Lahrs has rented a farm six miles east of Leeds, Iowa, and will move there in the spring. Archie and Wheeler Coughtry will farm the place vacated by Mr. Lahrs, known as the Wm. Armour farm. We won't say whether Wheeler is going to keep batch there or not.

Wilfred Voss has been mourning the past week over the loss of his Thanksgiving goose dinner. Coons have become so thick at their farm west of Homer that practically all of their turkeys and geese have fallen a prey to their voracious appetites.

Even their trusty dog was pounced upon one night last week by the animals and so badly bitten up that it died the next day. Coon hides are worth about \$25 each, and there is a good chance for some one to make a stake trapping coons at the Voss homestead.

Mrs. S. A. Stinson and daughter, Miss Aileen Stinson, drove to Sioux City Saturday evening and parked their Haynes car on Pierce street for a short time. When they returned for it about 7:30 it was missing—of course. The police were notified of the theft, also the sheriff's force here, and a reward of \$100 was immediately offered for the capture of the thief. Word was received Monday from Cherokee, Iowa, that the car had been found near that place, where the thieves had abandoned it after running out of gas.

## Railroad Man Wins His Fight

WAS ON VERGE OF GIVING UP RUN—TANLAC KEEPS HIM ON JOB.

"I put up a game fight to keep my run on the railroad, because bad health was just about to make me give it up, but with the help of Tanlac, I am still on the job feeling like a new man and with more endurance than I ever had," said F. C. Stewart, of the Rock Island Railroad, who lives at 810 North Glendale, Peoria, Ill.

"When a man has been on the railroad for eighteen years like I have, working long hours and eating irregular meals and just snatching sleep like I had to, it's bound to tear down his constitution, and that is what happened to me. My stomach got in such a shape that the food in the restaurants along my run made me sick to look at it, and what little I could force myself to eat didn't taste right and would lay like a rock in my stomach. This sort of thing began to break down my health ten years ago, and nothing but pure grit kept me going. My strength wore away and I fell off in weight until it just seemed like I couldn't take out many more trains. Then I began to hear some of the boys talking about this Tanlac, and I knew it couldn't make me any worse than I was, so I started taking it.

"Right there is where I side-tracked my troubles and hit the main line to good health again. The first few doses made me want to eat, and after I had been taking Tanlac a while, I found that I could swing off of my train and catch a lunch in a hurry, and it didn't matter much how it was cooked or what it was, it went right to the spot and did me good. I can eat just anything I want, the only trouble now is getting enough to satisfy me. My sleep is restful—I can go to bed at night and unless the call boy happens to come for me during the night I never wake until morning. But when the call boy comes it takes several good loud raps on the door to get me up. Then when I start out on the run I feel strong and full of energy as I ever did in my life, and can do more work than I ever could. I have told several of the boys how this Tanlac has helped me, for I know how hard it is for a railroad man to keep going, and I want them to know how to keep fit."

Tanlac is sold in Dakota City by Neiswanger Pharmacy, in South Sioux City by Shane's Pharmacy, and in Homer by Wagner's Pharmacy.

### DAKOTA CITY SCHOOL NOTES

J. H. BRUNELLE, Principal

The board of education has granted the customary Thursday and Friday holiday for Thanksgiving week. The monthly teachers' meeting was held Monday afternoon. In addition to the discussion of the month's reading, short reviews of articles in the Journal of Education were given, dealing with the Utah "twelve to eighteen, in and out of school," system of supervision, and the essential points of the Smith-Hughes and Smith-Lever acts.

Putting up a stiffer fight than on their home grounds, Jackson annexed 8 points to Dakota City's 25 in the scrap of last Friday. Their only touchdown came in the fourth period and was well-earned by a bewildering aerial attack which Dakota City seemed unable to stop.

The other two points came from a safety, when Antrim ran a kick outside his own goal line and was downed before he could again cross over into the field. Dakota City opened with a beautiful march right down the field, using a judicious mixture of line and end plays.

In each successive quarter the home team annexed a touchdown, and lacked but a few yards of a touchdown when time was called for the first half. The feature of the game was Frederick's line smash for thirty yards and touchdown.

Jackson incurred unfavorable comment by their poor spirit of sportsmanship as compared with their conduct in the earlier game between the two schools. Two members of Dakota City's team still have black eyes as a partial result of the slugging openly resorted to by the defeated team.

Given more than the benefit of the doubt by the officials, they still resented any mention of penalties for infraction of rules, even threatening to "quit cold."

Six members of Dakota City's team will play their last game for the Orange and Black on Thursday, when they meet the fast Laurel aggregation at Laurel. "Dope" gives Laurel the advantage, but Dakota City's men think they have learned enough football in the last few games to ruin Laurel's aspirations.
